## Mobile Dental Cart Solutions

First helps teams overcome challenges using technology devices in demanding work environments by creating 'perfect fit' mobile carts, device mounts and other tailored solutions. Together we make technology fit your world.

Design Your  
Perfect Cart Now >

# THANK YOU for considering us

I'm so pleased that you've decided to consider First Products to assist with your mobile cart needs. Our business has had the privilege of serving the healthcare industry since 1945. We believe that your caregivers deserve the perfect fit when it comes to putting technology into use and the many ergonomic, workflow, security and safety needs they have.

See why so many leading healthcare providers trust us as part of their technology deployment solution team.

We are ready to partner with you.

**Paul Smith**

*President/CEO*

## About Us

---

**A company dedicated to helping teams overcome challenges using technology devices in demanding work environments**

Our business has had the privilege of serving and healthcare and other industries since 1945. We work in 1,000s of hospitals and facilities across the country because we are

committed to supporting caregivers and the important work they do.

We believe that caregivers deserve the perfect fit between their manual or EMR charting tools and their workflow, ergonomic, safety, and data security needs. Our experienced consultants and staff are here to help ensure their complete satisfaction.

## Statistics

---

A trusted partner you can rely on to meet your facilities needs everytime.

- We've served over 15,000+ healthcare clients
- Over 5,000 unique charting solutions

### Perfect Partners

We work with 1,000s of systems, we're likely in yours.

# Service

---

## Expert Consultation & Design to Deployment Services

- Get your personalized needs consultation with our experienced healthcare consultants and engineering representatives
- On-site walkthroughs provide for in-depth workflow analysis and detailed project requirements gathering
- We partner with you and all stakeholders in your facility to meet the needs of all departments and users
- Demo and pilot program evaluations ensure you have the perfect fit solutions
- Our products are designed, manufactured and shipped from New York to provide you with shorter lead times and faster delivery.

# Solutions

---

## Natural Fit Products, Configurable and OEM Solutions

We have 100s of products to meet unique healthcare EHR requirements but we know not everyone's requirements are the same. We can work with your team to find the perfect solution no matter what.

### Support

We are proud to support the healthcare teams that are dedicated to serving all of our family and friends in the healthcare community. We are committed to excellent customer service and will make sure your needs are met every time.

### Strategy

Our experienced healthcare consultants bring a wealth of healthcare, facility, workflow and ergonomic expertise to every project. They'll work with your whole team to make sure solutions meet your requirements and exceed expectations.

### Integration

As an experienced supplier in the HIT industry, we've built partnerships with some of the best product and technology providers in the industry. We'll always bring you the perfect fit solution for your unique situation.

# Our 'Perfect Fit' Process

At First, we work with our customers to create 'perfect fit' carts, mounts, and other tailored solutions that meet their exact needs without added time and costs. We're confident, we can meet your needs, too. Let's build your solution together.

**Step 1**
